Speakers are only allowed fifteen minutes to speak which is timed with a sand hour glass, no exceptions, speaker must stop immediately. Topics will be judge on originality or revelation that they bring to listeners, common messages will not be scored as high. Speakers will be judged on the delivery of the message not limited to the message content, humor, confidence, and delivery style. Speakers will not be allowed to speak if they are wearing provocative, revealing, or otherwise inappropriate clothing. Speakers must have a beginning to introduce their subject, a primary message, and a conclusion to seal the message and instruct or encourage listeners as to how they can use this message for their lives. Topics that are contrary to the tenants of faith of The Father's House will not be allowed and if by some chance a speaker inadvertently began speaking in an area that was considered by the leadership of The Father's House to be in error, the speaker will be stopped at that point and not allowed to continue. Speaking topic may be your personal testimony as well. This ministry is in it early stages of development and may be changed or discontinued at anytime. The purpose of this ministry is to give opportunity to unheard preachers and teachers that will hopefully spotlight their gifting and open doors in their life to minister.
